### Kapsam

Bu föy Automation Nexus ürün arşivi için kimlik, kaynak, seçim ve uygulama doğrulama notlarını içerir. Exact-model sayısal elektriksel ve mekanik değerler üretici teknik dokümanından sipariş öncesinde tekrar kontrol edilmelidir.

### Uygulama ve seçim

- Kablo/cordset seçimini konektör tipi, pin sayısı, kablo malzemesi, uzunluk, koruma sınıfı ve uygulama ortamına göre yapın.
- Sensör/aktüatör ile pin dizilimi ve elektriksel uyumluluğu exact-model üretici dokümanı ile eşleştirin.
- Hareketli kablo taşıyıcı, kaynak, yağ, kimyasal veya hijyenik alanlarda malzeme dayanımını ayrıca doğrulayın.

# ifm EVC195 - Verification & Application Notes

---

## Verified identity

- Brand: ifm
- Model / manufacturer part number: EVC195
- Product family: EVC connection technology
- Lifecycle basis: current official IFM exact-model page reachable during this run

## Selection checklist

- Confirm connector gender and coding, pole count and pin assignment.
- Confirm cable length, jacket material, flexing requirements and environmental exposure.
- Confirm voltage/current ratings and protection class in the current IFM documentation.
- Cross-check the exact order code before purchasing or commissioning.

## Media policy

The package references verified official IFM media. EVC100 uses its exact-model official image. For the remaining records, the same official EVC-family image is explicitly marked as an official-family-representative and is never presented as the exact model photograph.
