

## ReeR / SAFEGATE MZ T2X

Emniyet ışık perdesi bileşeni

Üretici ürün kodu: 1390809

Seri: SAFEGATE

ReeR SAFEGATE MZ T2X (1390809), emniyet ışık perdesi bileşeni. Azami aralık (m): 3.5; Çalışma sistemi: Verici / alıcı; Çalışma sıcaklığı (°C): - 30 ... 55.

### TEKNİK ÖZELLİKLER

|                                     |                                                                                                 |
|-------------------------------------|-------------------------------------------------------------------------------------------------|
| Azami aralık (m)                    | 3.5                                                                                             |
| Çalışma sistemi                     | Verici / alıcı                                                                                  |
| Çalışma sıcaklığı (°C)              | - 30 ... 55                                                                                     |
| Muting mantığı                      | T (Two way) logic with 2 sensors - Crossed beams                                                |
| Muting sensör alanı                 | Adjustable height ve horizontal ve vertical tilting                                             |
| Muting sensörlerinin çıkış özelliği | PNP 100 mA at 24 VDC                                                                            |
| Muting sensörleri                   | Brackets for 2 multibeam Muting sensors M5                                                      |
| Entegre optoelektronik sensörler    | 2 multibeam M5 with crossed beams                                                               |
| Algılama                            | Access control                                                                                  |
| Koruyucu muhafazalar                | Yok                                                                                             |
| Sabitlenme                          | Back slot, side slot with set of LL type brackets (included). SFB SG swivel brackets (optional) |

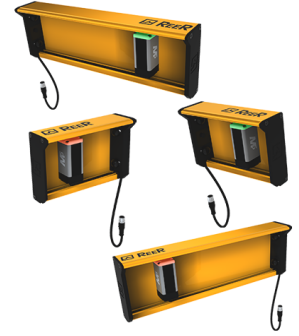

Seçili üretici değerleridir; kaynakta belirtilen koşullar ve dipnotlar geçerlidir. Üretici görseli teslim edilen varyanttan farklı olabilir. Automation özeti orijinal dokümantasyonun yerine geçmez.

## ReeR / SAFEGATE MZ T2X

Safety light curtain component

**Part/model code: 1390809**

Series: SAFEGATE

ReeR SAFEGATE MZ T2X (1390809): safety light curtain component. Max. range (m): 3.5; Functioning system: Emitter / Receiver; Operating temperature (°C): - 30 ... 55.

### TECHNICAL HIGHLIGHTS

|                                                |                                                                                                 |
|------------------------------------------------|-------------------------------------------------------------------------------------------------|
| <b>Max. range (m)</b>                          | 3.5                                                                                             |
| <b>Functioning system</b>                      | Emitter / Receiver                                                                              |
| <b>Operating temperature (°C)</b>              | - 30 ... 55                                                                                     |
| <b>Muting logic</b>                            | T (Two way) logic with 2 sensors - Crossed beams                                                |
| <b>Muting sensor field</b>                     | Adjustable height and horizontal and vertical tilting                                           |
| <b>Characteristic output of Muting sensors</b> | PNP 100 mA at 24 VDC                                                                            |
| <b>Muting sensors</b>                          | Brackets for 2 multibeam Muting sensors M5                                                      |
| <b>Integrated optoelectronic sensors</b>       | 2 multibeam M5 with crossed beams                                                               |
| <b>Detection</b>                               | Access control                                                                                  |
| <b>Protective enclosures</b>                   | None                                                                                            |
| <b>Fastening</b>                               | Back slot, side slot with set of LL type brackets (included). SFB SG swivel brackets (optional) |
